SOFT, ACOUSTIC, FELT WALLCOVERINGS

PRODUCT DATA SHEET

valid from 3 July, 2023

FLUFFO

/ BASIC DATA

product name:	soft, acoustic, felt wallcoverings
product description:	decorative, sound-absorbing wallcovering made of wool and polyester, on a paper backing, available in a wide range of colours.

/ PRODUCT CHARACTERISTICS

measurements:	roll width: 1425 mm; thickness: 3 mm.
density:	550 g/m^2
acoustics (PN-EN ISO 11654:1999):	Sound absorption class E; Alpha w = 0,15 (H)
fire rating class (PN-EN 13501-1:2019-02):	D-s1, d0
abrasion resistance (EN ISO 12 947):	80 000 Martindale cycles
colour fastness to light (EN ISO 105-B02):	5
CE declaration of conformity with the standard applicable to decorative wall coverings in the form of rolls and panels (PN-EN 15102+A1:2011)	yes

/ PRODUCT COMPONENTS

Top felt layer	product type:	Felt made of wool (90%) and polyester (10%)
	layer thickness:	3 mm
	density:	550 g/m^2
	shrinkage	1%
	pilling	4 (UNI EN 1512434 0)
	fire rating class: (PN-EN 13501-1:2019-02)	D-s1, d0
paper backing	product type:	Paper backing made mostly of cellulose (60%)
	layer thickness	c.a. 0,1 mm
	Other characteristics	flexible product
